CCN's Ongoing Legal Support During the Covid-19 Pandemic

March 27, 2020

For over twenty-six years, CCN has supported clients in Mexico and the U.S., and we continue to do so during this critical time. CCN advises clients in a variety of industries, including those designated or considered as essential or critical, such as healthcare, chemical, automotive, railway, energy, financial services, food and agriculture, to name a few. We are committed to remaining abreast of new developments and providing prompt legal advice throughout Mexico and the U.S. as the two countries react to Covid-19. Our physical offices are closed because the safety of our team and clients is a top priority. Our clients can continue to rely on our support as we work remotely and remain fully available. We can be contacted by phone and e-mail as usual.
